

# Spanish Fly, Believe In Me

(N/A)

Verse: 1

The last time you said, goodbye  
I really believed, that it was over..  
I cried out my tears, through the nite  
I prayed, i'd never hold another

Bridge:

Where did love, take to, back then  
I never meant to bring, you pain  
It was the man, that you needed in me  
Just to be strong, for you baby, and set you free, yeah

Chorus:

Believe in me, and you will see girl  
Believe in me, believe in you and me  
Believe in me, always my lover  
Believe in me, aww baby, just believe....

Verse: 2

I'll never forget, what we shared  
Unconditional love, and a family.. yeah  
You were always there, just holding on  
To that perfect dream, now its just a memory
