Regroup the hood
Gonna start by the spangle
Like Kama Sutra

Free to speak but first
Cos' your thoughts untangled
What's the look why your face all menaced
Let me to stand still
But your whole crew's tangles
Cut them off shangle
Dangle

Critique my music
Call it pop/rap/rock/funk/fusion

From the bottom, to the middle, to the middle, to the top
The hottest mother fucker in the whole damn block
Do my thing and the girls watch
