

Spark, Miss You

Can I have just a few seconds of your time
I see you've been searching and you can't seem to find
He came to this earth to die for me
He says if I believe I will be free
This gift He has given me He's given you
Just as He loves me He also loves you

(chorus)

I don't want to miss you
We haven't very long
I don't want to miss you

To whom do you belong?

You say you're not ready everything is fine
He's promised us life but He's never promised us time
What will it take to make you see
That just as He does, I want you there with me

I don't want you to be just a memory
I pray every night down on my knees
That you would make the choice to turn the key
