

# Spark, Still The Same

It was a long time ago  
There was a man I've come to know  
He was born from God's own hand  
To die for all those who stand  
His love is yet unfailing  
His grace ever prevailing  
He promises eternity  
All you have to do is believe

(chorus)

How could it be that the Lord could set His people free  
2000 years ago

Broken promises is all you see  
Never felt the presence of He  
What you live is the world around  
Always lost and never found  
The heart of yours that's grown cold  
He'll turn around and make it bold  
And what you think He'd never do  
Can now be done and be renewed

There is no way to heaven  
Except through the father above  
There is no way to the father  
Except through the Son of love
