

Sparkle, Good Life (Remix)

[Memphis Bleek]

Yeah

Yo Spark, put up the Bentley

I'm rollin' witchu

Motown

It be the R-O-C, stop

Shit ain't nothing changed in this Bentley drop

I take ten out

Believe me, Bleek send out

But you ain't livin' for the moment

Ma get out

Yo know the whip sick

Plus it's missing the top

You wanna roll with the ROC then come get hot

I got no tint, why?

Cause the wrist, it sparkle

Beats bump, new shit by Sparkle, come on

[Sparkle]

All of my clothes are tailor-made

And yes, I got a house right off the lake

You know I be spending every day

Don't matter 'cause all my bills are paid

Drop top Bentley, Gucci shades

Gamblin in Vegas for a day

Yes brothers, I do until my day

And sistas can't fade me 'cause I'm made, see

I'm livin' the good life

I'm partying every night

I'm watchin' the Cristall flow

VIP and that's all I know

Just living that good life

Still partying every night

Still watchin' the Cristall flow

VIP and that's all I know

Private jet to Amsterdam

Thirteen carets on my hands

Wall Street says I'm doin' fine

Drop cash for our countryside

Payin' chauffeurs, butlers, maids

Runnin' up spa bills everyday

Country clibbin' with rich friends

Tomorrow I'll do it all again

You see

I'm livin' the good life

I'm partying every night

I'm watchin' the Cristall flow

VIP and that's all I know

Just living that good life

Still partying every night

Still watchin' the Cristall flow

VIP and that's all I know

[Memphis Bleek]

Yo, yo
Ayo M dot, him hot, him got
And him cop Benz coupe, him drop
And him got land through Swiss accounts
And him got dough tied around the spouse
And Bleek splurge, cop a couple of furs
A couple of carats, if you want it you can have it
Bleek on chrome, got homes, it's on
No stoppin' me now
This lil nigga in the zone
I dine out, get it poppin' or grind out
Shorty act up, I put her on time out
Relax ma

Uh uh uh good life
Uh uh uh that's right
Uh uh uh good life
Uh uh uh I'm livin' that

Uh uh uh good life
Uh uh uh that's right
Uh uh uh good life
Uh uh uh I'm livin' that

I'm livin' the good life
I'm partying every night
I'm watchin' the Cristall flow
VIP and that's all I know

Just living that good life
Still partying every night
Still watchin' the Cristall flow
VIP and that's all I know
