

# Sparkle, Nothing Can Compare

Background Vocals: R. Kelly

1 - You are my life  
Place no one above  
Just one simple touch  
Nothing can compare

Lovin' in the way you make me feel  
So proud to know your love is real  
Feels good to have you for myself  
All that I need and no one else

Repeat 1

Just like the sun shines after rain  
Boy you put joy where there was pain  
You took me high when I was low  
There when I had no where to go

Repeat 1

You got a hold of me  
Here's where you ought to be  
Boy you can run to me  
When ever you need  
I'm down with the way you wanna love me

Repeat 1 until fade
