

# Sparklehorse, All Night Home

shining motorcycle  
through the trees we rifle  
we're gonna drive  
all night home  
we're gonna drive  
all night home  
down to West Virginia  
like the blood within ya  
we're gonna drive  
all night home  
we're gonna drive  
all night home  
shining motorcycle  
all her worries stifled  
we're gonna drive  
all night home  
we're gonna drive  
all night home  
this ought to hold her now  
this ought to hold her now  
this ought to hold her now  
this ought to hold her now
