

# Sparklehorse, Getting It Wrong

Set your woods on fire  
Hide up in the spires  
The flames kept dancing higher

They're playing our song  
They're playing our song  
They're getting it wrong

Ophelia in the creek  
Caught up in the sticks  
Some things can't be fixed

They're playing our song  
They're playing our song  
They're playing our song
