

# Sparks, Everybody Move

(Ron & Russell Mael)

Everybody move  
Move it up and move it down  
Sweet little thing ease it down  
Fall in the pool and you'll drown

Everybody move  
Wear out the soles of you shoes  
Wear out the soles of your feet  
Move to the beat, toute de suite

There's a red lite a comin'  
There's a red lite a comin'  
Slam on the brakes and slow down

Everybody move  
Unwanted pounds will disappear  
You'll have a itty bitty rear  
Better lay off of the beer

There's a new thang a comin'  
There's a new thang a comin'  
Better do something with your hair
