

# Sparks, Here In Heaven

Here, there are lots of things to do  
And a panoramic view  
Of the universe completely surrounding you and me  
You cannot buy souvenirs  
You're never going back, never, never  
Basically, I guess it could be worse  
Yes, I do suppose it could be worse

Here, there are many, many sheep  
And the people only sleep  
And awake to tell how gory and gruesome was their end  
And I don't have many friends  
And it's really very clean and I'm thinking  
Juliet, you broke our little pact  
Juliet, I'm never coming back

Up here in Heaven without you  
I'm here in Heaven without you  
Up here in Heaven without you  
It is Hell knowing that your health will keep you out of here  
For years and years and years

Dear, do you often think of me  
As you overlook the sea  
Co I qualify as dearly departed or am I  
That sucker in the sky  
The fall guy for the first and the last time  
Juliet, I thought we had agreed  
Now I know why you let me take the lead

Up here in Heaven without you  
I'm here in Heaven without you  
Up here in Heaven without you  
It is Hell knowing that your health will keep you out of here  
For many, many years

Second thoughts, is that what you had?  
Second thoughts, first I broke my back  
Second thoughts, as I hit the sea  
Second thoughts, for eternity, for eternity, for eternity

Up here in Heaven without you  
I'm here in Heaven without you  
Up here in Heaven without you  
It is Hell knowing that your health will keep you out of here  
For years and years and years
