

# Sparks, My Baby's Taking Me Home

Home, my baby's taking me home  
My baby's taking me home  
My baby's taking me home  
My baby's taking me home  
My baby's taking me home

As we walk through the morning rain  
And the skies are clearing  
And the streets are glistening  
Streets named for New England trees  
A rainbow forms  
But we're both colorblind  
But we can hear what others can't hear  
We can hear the sound of a chorus singing

Home, my baby's taking me home  
My baby's taking me home  
My baby's taking me home  
My baby's taking me home  
My baby's taking me home
