

Sparks, Stereo

(Ron & Russell Mael)

Make your choice and that is that
Live with her and don't look back
Easy, simple, tidy, ultra-clean
Not with me, I don't know why
To the left and to the right
Good things come from just one side

(In) Stereo
Stereo
Stereo-

In a sandwich, in a vice
Stuck with too much paradise
It's okay with me, it's not too bad
Each of you has other scenes
Smart professors, clean marines
You too live your life in Stereo
