

# Spearhead, Feelin Free

I want to thank you for the seeds you've plant in me  
I want thank you for the earth roots my feet  
I want thank you for the sun that greens my leaves  
I want thank you for the mystery

(chorus)

But it seems to me that I'm about to be  
Feeling Free

Ba-da ba-ba-da .

Please remember me when I close my eyes  
Please remember me when I scream my silent cries  
Please remember me when I'm not doing my best  
Will you remember me when my spirit needs to rest

(chorus)
