

# Special Needs, Convince Me

I once had an echo,  
You did for me  
I took out the rubbish  
You took the rest

Hush West End  
For I've come to find you again  
Fire in the night where you go  
You go go go

Convince me (convince me),  
Convince me (convince me)  
Convince me, convince me, convince me,  
You've changed (you've changed)  
You've changed (you've changed)  
You've changed, you've changed, you've changed

Or I, I, I

I once had another  
You forgot me  
I spoke to a clutter  
You deal with me

Out for the night  
A sly fumbling sight  
Out for the night  
You've gone  
You've gone gone gone

Convince me (convince me),  
Convince me (convince me)  
Convince me, convince me, convince me,  
You've changed (you've changed)  
You've changed (you've changed)  
You've changed, you've changed, you've changed

Or I, I, I

You and your poison, and all the rest  
You can have forever and I'll take what's left
