

Speedstar, Are You Feeling Better, Angela?

Your brown eyes are pleading
It's sunny outside
But I look like suicide
My grey eyes are itching
I see you when I like
But I miss you all the time

Are you feeling better, Angela?
Are you feeling better, Angela?
Are you feeling like the cigarette smoke's getting to you?

Your brown eyes are pleading
There's nothing that I like
When I feel like this inside
My grey eyes are scratching
I know it's hurting you
And I hope you get well soon

Are you feeling better, Angela?
Are you feeling better, Angela?
Are you feeling like the cigarette smoke's getting to you?

Are you feeling better, Angela?
Are you feeling better, Angela?
Are you feeling like the cigarette smoke's getting to you?

Angela ...
Angela ...
Angela ...

Your brown eyes are pleading
It's sunny outside
But I look like suicide
