(KyoZ)

My life up in the ghetto stackin' talk show flow
King of the block (block), pushin' rocks until my heart stop, clock me or not
Brought me a drop, triple gold D, stackin' my teeth
Puttin' slugs in enemies, makin' niggas freeze just like the police
And until I'm deceased, marry me a 'G'
Young niggas, dumb niggas with chrome (chrome) and tell Al Capone
Flippin' zones by the phone when I bought my home
Laced with game, the game explains wettin' them up like rain
Killin' the markers was the caine

(Chorus: Spice 1)

FUCK THE WORLD, I'll load my clips
Slang my ki's, smokin' ounces
Dump niggas in ditches cause I'm a rider
One of the 50 calibur inside ya
FUCK THE WORLD, I'll load my clips
Slang my ki's, smokin' ounces
Dump niggas in ditches cause I'm a rider
The Black Bossalini put slugs inside ya, motherfucker

(Den Fen)

I'm mentally mind gone with the chrome in my hand
when I take my stand and glance at the right foes
Two shots for my right foe
The life that I'm livin' I'm leavin' 'em fucked in the game
when I maintain in my ghetto path
True to the roots, only crews gonna blast on your punk-ass
They flashback to my main frame its the same thing
but a different game, feel a strange pain
when you got a bullet hole enlodged in your motherfuckin' brain
They slang caine on my blocks, glocks cock on fight non-stop
Patrol - nigga me slangin' that caine since sixteen years old

(Spice 1)

My foes be shot up in caskets, half of they faces be missin'
dumpin' on you jealous bastards, six feet deep nigga listen
Bossalini bring the drama as the motherfuckin' world keeps turnin'
And I won't rest in peace till I see my enemies burnin'
I'll load my clips and slang my ki's smoke ounces of chronic weed
while niggas bleed over scandalous bitches, money and greed
Down for the wettin' them up, niggas be diein' for disrespectin' a thug
Now takin' some slugs and leave these niggas with all they gats in the mud

(Chorus: Spice 1)

FUCK THE WORLD, I'll load my clips

Slang my ki's, smokin' ounces

Dump niggas in ditches cause I'm a rider

One of the 50 caliber inside ya

FUCK THE WORLD, I'll load my clips

Dump niggas in ditches cause I'm a rider
