Intro

"heh, heh, heh heh listen, studio gangsta, studio gangsta
Studio gangsta, haven't you ever heard of a killa"

Verse 1

Ring-a-ding-a-ling I'm caught off
In this thang with the mutha f**kin' sawed off
Niggas that sleep don't wake up
Cause I'll put the gauge to your nuts
Have ya caughin' up piss and blood
Mark ass niggas don't get no love
The evil ass nigga from the f-a-c
Bustin' out the hersh with the g-a-t
I went to my nigga on the okland block
He passed me the glock said shoot the cop
Shit went crazy when I spilt the pig
Piggy in a blanet thats what we did
Ran down the alley hotwired a broham
Flashbacks of a bloody cop suckin' the chrome
I'm lookin' up at me nigga and his name is g
G cocked the glock and looked back at me
Me say my name is spice 1 I never heard a ya
My name is spice 1 I never heard a ya
My name is spice 1 I never heard a ya
But a, 187 is a murdera, byd-a-bye bye

(I'm the f**kin' murdera, I'm the f**kin' murdera
Haven't you ever heard of a killa)□ ---rbx
