

# Spice Girls, Do You Think About Me

Do you, do you think about me?  
Do you, do you think about me?

I see the setting sun, of another passing day  
There's been questions on my mind, since you been away  
Friend's say that you're doing well, you finally got it made  
Outside I share my joy for you, but inside my heart still aches

It's like a melody, playing endlessly  
You're always on my mind  
And I wonder all the time

"Do you think about me like I think about you?  
Do you sometimes stay awake at night?  
Till the morning light? cos you don't know what to do  
Do you think about me like I think about you?  
And do you toss and turn does your heart still burn?  
For the passion we once knew  
Do you think about me?"

Do you, do you think about me?  
Do you, do you think about me?

I see your face at night, in every dream I dream  
Could this be a message, please tell me what it means  
If I had your number, I'd call you on the phone  
But your voice wouldn't be enough, it might be better left alone

It's like I press rewind, it's like the hands of time  
They start all over again  
Maybe this time, it won't end

"Do you think about me like I think about you?  
Do you sometimes stay awake at night?  
Till the morning light? cos you don't know what to do  
Do you think about me like I think about you?  
And do you toss and turn does your heart still burn?  
For the passion we once knew  
Ooh..."

I wanna know, oh, do you think about me?  
Is there a chance that we could work it all out?  
It's been so long obsession and it's so plain to see  
That I got what you want, and I've sure got what you need

Do you think about me like I think about you?  
(like I think about baby, all through the night)  
Do you think about me like I think about you?  
(do you, do you think about me, oh, oh now baby, eh hey, eh hey)  
Do you think about me like I think about you?  
(I've been tossing and turning, my heart is burning)  
(don't you need me like I need you? share the passion we once knew)  
Do you think about me like I think about you?
