

Spice Girls, Free up your mind

Free up your mind

Hey you over there, know you gotta problem but dont dispair

See me, i had no soul, till i found myself with the rock & roll

There must be something that you're longing to be

Give in to the rhythm, let the music

Free up your mind

Chorus-

Let the music free up your mind

And it will help you define

Cause it will give you a sign

Ohhhh, let the music free up your mind

Free up your mind

Hey you over there, don't wanna hear the reasons cause i don't care

See me, believe in you, gotta help yourself, whatcha gonna do?

There must be something that you're longing to say

Give in to the rhythm, let the music

Free up your mind

Chorus

Hey you, hey you, hey you, hey yooou, hey you, hey you, hey you

Free up your mind

Hey you over there, know you gotta problem but dont dispair

See me i had no soul, till i found myself with the rockin', rock & roll

Rock & roll

Chorus

Hey you, hey you, hey you, hey yooou, hey you

Chorus 2x

Free up your mind
