

Spice Girls, Is This Love

Stay with me tonight
I'll fill you deep inside
And I'll give you something one'd leave for
Just say you'll be with me
for eternity
Baby tell me how you feel
I just need to know

""(Is this love?)
Is this joy, is this pain, sunshine or is it rain?
(Is this love?)
Is this joy, is this pain... Is this love?""

Give to me your soul
Just lose your self control
And I take you somewhere that you've never been
Just lay your feelings bare
And tell me that you care
Baby show me what you need
I just need to know

""(Is this love?)
Is this joy, is this pain, sunshine or is it rain?
(Is this love?)
Is this joy, is this pain... Is this love?""

Touch me, hold me
Tell me your feelings, then believe

""(Is this love?)
Is this joy, is this pain, sunshine or is it rain?
(Is this love?)
Is this joy, is this pain, sunshine or is it rain?""

""(Is this love?)
Is this joy, is this pain, sunshine or is it rain?
(Is this love?)
Is this joy, is this pain, sunshine or is it rain?""

(Is this love?)
Now we're together, hold me forever
I'll show you the key to my heart
(Is this love?)
Now we're together, hold me forever
Baby, lets make a start

(Is this love?)
Now we're together, hold me forever
I'll show you the key to my heart
(Is this love?)
Now we're together, hold me forever
Baby, lets make a start
