Spice Girls, Melanie C-Here It Comes Again

" Here It Comes Again "

Hey, don't you worry, everything's alright you know

We're gonna be just fine

If the rain crashes down over you

I will love you dry

There is nobody in this world could ever take me away from you

I am always by your side

If you need someone to guide you dear

I'd like to try

Don't give up something you've never had before

(Never could but we would together)

I promise you this

You're the one I adore

Here it comes again

Filling my soul, never want to let go

Here it comes again

Be at one with your love as below so above

My love is flowing freer than a waterfall

Beyond the edge of time

Surrender to the emotion now we can fly

We can fly

And you know there's a reason

That we are who we are (who we are)

I can not resist

You're the one I adore

Here it comes again

Filling my soul, never want to let go

Here it comes again

Be at one with your love as below so above

Here it comes again

Just like there's always gonna be

A place for you and me

A ship that we can sail on

Just like if one and one were three

And everything was free

At the end of some rainbow

Just like a needle and a gun

A circle in a sun

And a knock upon a hidden door

It is you I adore

Here it comes again

Filling my soul, never want to let go

Here it comes again

Be at one with your love as below so above

Feel it coming again

Filling my soul, never want to let go

Here it comes again

Be at one with your love as below so above

Yeah yeah
