

Spice Girls, One Of These Girls

(Ow)

One of these girls is doin' their own thing

(Oh-ohh)

One of these girls is just not the same

We think she's sweet and pretty in pink

But you better beware, cos I ain't what you think

I'm always searching for a good time, night and day

She gets down in unusual ways

Gettin' my kicks, being naughty and cheeky

Dream on, babe your just freaky (Mel C & Emma)

But when we got together

We just come as a one

Doin' mmm, mmm

And a-whoa yeah

One of these girls is doin' their own thing

One of these girls is just not the same

I said ah even though we're all doin' our own thing

Can't you see we're all playin' a game

(Oh-ohh)

Takin' pride in myself, in the clothes that I wear

She's only teasin' to make you stare

She likes to do what the boys do (Emma & Geri)

Getting dirty on the pitch, chanting with the cup crew

But when we got together

We just come as a one

Doin' mmm, mmm

And a-whoa yeah

One of these girls is doin' their own thing

One of these girls is just not the same

I said ah even though we're all doin' our own thing

Can't you see we're all playin' a game

(Oh-ohh)

Pushin' in the clubs, queue jumpin'

Givin' all the boys a grief

Givin' lots of cheek and attitude

Keepin' our lovin' brief

Pushin' in the clubs, queue jumpin'

Givin' all the boys a grief

Givin' lots of cheek and attitude

Keepin' our lovin' brief

You think they've got it?

Well I've got it

You've always had it

No way, they won't get it

Ah, come on

Oh!

But when we got together

We just come as a one

Doin' mmm, mmm

And a-whoa yeah

One of these girls is doin' their own thing

One of these girls is just not the same

I said ah even though we're all doin' our own thing

Can't you see we're all playin' a game

(Playin' that, oh, playin' that, oh)
