

Spice Girls, Take Me Home

There's no place I call the height (ahh-aahh)
There's no way in a mean street (ahh-aahh)
There's no happy medium (ahh-aahh)
There's no in between (ahh-aahh)
So do your searching, until you're down (ahh-aahh)
Then realise, you're on you're home ground (ahh-aahh)
Sittin' in a white room dreaming of a life
You have got me thinking, what is paradise?
Should I take an ocean drive, coolin' from the sun
Silver screen got me thinking this is how it should be done
Take me home (ahh-aahh)
There's no place I'd rather be now, yeah (ahh-aahh)
Take me home (ahh-aahh)
There's no place I'd rather be now, yeah (ahh-aahh)
Stand together alone, not knowing who you are
Friendly strangely, strangely friendly
Would you keep me warm?
Would you keep me warm?
You know, you can be your paradise
A heart can keep me warm
You can have your own dream life
Step into your comfort zone (Emma & Victoria)
Comfort zone
Take me home (ahh-aahh)
There's no place I'd rather be now, yeah (ahh-aahh)
Take me home (ahh-aahh)
There's no place I'd rather be now, yeah (ahh-aahh)
Ain't nobody to take me home
Cos I'm here, yes where I belong
I may leave cos I'm on my way
But my home it will always stay [spoken]
Ain't nobody to take me home
Cos I'm here, yes where I belong
I may leave cos I'm on my way
But my home it will always stay [spoken]
Ain't nobody to take me home
Cos I'm here, yes where I belong
I may leave cos I'm on my way
But my home it will always stay
[Repeat]
[Spoken in Counterpart]
So it's all just free falling falls
Huh, out of time
You've got yours, I've got mine
Should all this be so precious?
Maybe I should be a little humble?
Slate to fear, cause I could stumble
So do your searching until you're down
Cos you're on home ground
Take me home (ahh-aahh)
There's no place I'd rather be now, yeah (ahh-aahh)
Take me home (ahh-aahh)
There's no place I'd rather be now, yeah (ahh-aahh)
[Repeat to Fade]
