

# Spice Girls, Voodoo

Hey hey hey ey party la

Look in the mirror  
Behind the make up  
Like what you see  
Not foolin' me  
I get the picture  
You got perfection  
Think You're a star  
Know what you are  
Hey great pretender  
Time to break free  
A kinda magic  
Lookin' at me

Cuz the fever's gonna get you yeah yeah

Got to be strong  
Believe in your power  
Then you will see  
Now just trust in me  
Everything changes  
When you relate it  
Get up and use it  
Positively  
Shake up the dance floor  
Move like you mean it  
Own your potential  
Reality

Cuz the fever's gonna get you yeah yeah

(Chorus)  
Get up and use your voodoo  
You know you want it bad  
You wanna lead the way yeah you do  
Be the best you know you can  
Get up and use your voodoo  
Get your booty to the floor  
You gotta line em up left, right, don't stop  
And leave em wanting more  
Hey ey party la (x2)

Shake up the dance floor  
you got perfection  
Get up and use it  
Positively

Cuz the fever's gonna get you yeah yeah

(Chorus x2)

You got to just lose yourself  
Let the magic get you hot  
you got to express yourself  
Till you're burning on the spot  
You got to just lose yourself  
Now the magic's calling you  
You got to express yourself  
Now the voodoo's coming through

(Chorus)
