

Spice Girls, Walking On Air

(Unreleased Spice Girls song.)

Everytime I feel your arms around me
I feel the pressure disappear
There's no way that words could ever measure
The kind of pleasure when you're near

Any time of day or night
Boy you know the feelings right
Bring it on
And you know just what to do
And you know that love takes two
To get it on

You've got me walking on air
Got me walking on air
You've got me walking on air
Got me walking on air
(You've got me walking on)

I was tired of being alone without emotion
Your loving potion was the cure
Now i'm sure our love will live forever
We stick together til no more

All my dreams have been fulfilled
Like a picture standing still
It's your first time, smiled at me
Now the scene has just been set
Boy, you ain't seen nothing yet
Let's get it on

You've got me walking on air
(???, I know what I need tonite)
Got me walking on air
(Round and round let me go, always let me need you know)
You've got me walking on air
(Baby ???, dont let go hold me tight)
Got me walking on air
(Why not take a walk with me, down the road of ecstasy)
(You've got me walking on)

Every ? I feel tonight
You made me feel like a butterfly
All I wanna do is love you baby
You're holding me, squeezing me
You're rocking me eternally
All I wanna do is love you baby

You got me walking
Boy you got me walking
You got me walking on air
You got me walking
Boy you got me walking
You got me walking on air

Everytime I feel your arms around me
I feel the pressure disappear
No words can measure the only kind of pleasure
That I feel when you are near
X-rated baby, is what I wanna be
You know me, eternal ecstasy
This won't be a casual affair
You got me walking on air

(You've got me walking on air)

Got me walking on air (got me walking on air)
You've got me walking on air (walking, walking)
(You got me walking, boy you got me walking)
Got me walking on air (you've got me walking on air)
(You got me walking on air)
You've got me walking on air
(You got me walking, boy you got me walking)
Got me walking on air
(You got me walking on air)

You've got me walking on air
(???, I know what I need tonite)
Got me walking on air
(Round and round let me go, always let me need you know)
You've got me walking on air
(Baby ???, dont let go hold me tight)
Got me walking on air
(Why not take a walk with me, down the road of ecstasy)

You've got me walking on
