

# Spice Girls, We're Gonna Make It Happen

Time is now, we want release  
Break on through and get the system moving  
Get your dreams, and let them loose  
Feel the vibe, quick or you'll be losing

You know I, I'm gonna make it baby  
Don't you lie, never failed you baby

Now I know, yes I know  
I can feel it in my soul  
It's telling me which way to go  
Believe in me, I will show you

We're gonna make it happen  
You know the time is right for us to shine a light  
We're gonna make it happen  
Don't ask me where I been, just where I'm going to

So hear me out, and let me in  
I'm coming through with non-stop motion  
Time won't wait, don't hesitate  
Visualise your inspiration

You know I, I'm gonna make it baby  
Don't you lie, never failed you baby

Come with me, and you'll see  
It was meant for you and me  
Now that I know we can be free  
I want the world to know that

We're gonna make it happen  
You know the time is right for us the shine a light  
We're gonna make it happen  
Don't ask me where I been, just where I'm going to

We're gonna make it happen  
You know the time is right for us the shine a light  
We're gonna make it happen  
Don't ask me where I been, just where I'm going to

Don't go selling the flow  
Cos here I go  
Coasting, boasting  
I'm doing on the mic  
There's no stopping me  
Moving, grooving  
All I wanna do is get through to you  
No stopping, delaying  
Look at yourself is what I'm saying  
This feeling that I got as a matter of fact  
Is a natural aphrodisiac

We're gonna make it, make it happen
