

# Spiderbait, Don't Kill The Nipper

It's all over don't you know  
There's nothing left for me and you

It's been a long time coming!  
No point running!

What will you do when everything burns up  
And you want to travel back in your head  
And your dead

Everybody wants to be someone  
But if your dead it won't be fun

It's been a long time coming!  
No point running!

You thought the sun shone out of your buttcheeks  
And all around your head  
Illuminated

Sit right back and find a friend  
It won't be long until the end

It's been a long time coming!  
No point running!

I can't wait to see the look on your face  
When you realise I'm not talking shit  
And that's it
