Touch me up I'll burn your house down  
So remember this time again  
Out of breath - asphyxiation  
Thought I'd choke down in the ocean

Now I'm busting up in my mind  
So remember this place again  
Trust my instincts now that I'm slow  
I forgot that there was time to go

Knowing I'm aware  
Feeling all right  
Now I gotta say

Touch me up I'll burn your house down  
So remember this time again  
Out of breath - asphyxiation  
Thought I'd choke down in the ocean

Now I'm busting up in my mind  
So remember this place again  
Trust my instincts now that I'm slow  
I forgot that there was time to go
