

Spiderbait, Sam Gribbles

Touch me up I'll burn your house down
So remember this time again
Out of breath - asphyxiation
Thought I'd choke down in the ocean

Now I'm busting up in my mind
So remember this place again
Trust my instincts now that I'm slow
I forgot that there was time to go

Knowing I'm aware
Feeling all right
Now I gotta say

Touch me up I'll burn your house down
So remember this time again
Out of breath - asphyxiation
Thought I'd choke down in the ocean

Now I'm busting up in my mind
So remember this place again
Trust my instincts now that I'm slow
I forgot that there was time to go
