

Spin 360, From The Dawn

From the dawn, all creation waits
Crying for Your name, Jesus, God the same
You have come to take Your rightful place
Name above all names, Jesus, God the same

And You, You have entered in
To take every part of us, and make every part of us

You in us
Holy, Lord of glory
You have come
And made Your home in us
And You made us holy

In our hearts, we're shaken by the truth
Of Your love breaking through, Jesus this is You

You've made us holy
You've made us holy
