Spinfire, Mega Man

Sometimes I like to run away from the ugly truth to me I cannot face my reality cause I'll end up drinking My whole life is fucked I think I'm at the end I do not have the strength ever to defend myself And I could never ever sleep cause I'll end up drinking

Chorus:

Damn Mega Man you know ain't a friend of mine Damn Mega Man you know that a bullet is right Yes I do not think that can know If will never let it go I cannot say goodbye to it sometimes it's so hard to quit

Sometimes I like to run away from the ugly truth to me Cuz if I face my reality then I'll end up drinking

Chorus
