

# Spiritfall, Feeling Of Becoming

i see the way that you come across to me  
over protective of the people i want you to see  
i can't take this pressure i know that it's self induced  
i know i can't handle it  
i can't take this pressure i know what i feel it's you  
i know i can handle it  
take this from me i want to give it to you  
in a crowd i though that i spotted you  
but you know i feel you know what i feel inside  
you know just the way i'm
