

# Spiritual Beggars, Left Brain Ambassadors

He's never been arrested once  
In his life  
Never received a letter from the law  
Quite insane  
Never felt the demon riding his back  
He is safe from harm  
Never got hallucinations after  
Being too long on the booze  
Logical thinking  
Turns to Stupidity  
Never had longer relations  
With the female sex  
Never been quite all alone  
Poor little boy  
Never had suicidal thoughts  
Never quite understood  
The true meaning of the word life
