

Spiritual Front, Your Sex Is The Scar

Theres a scar in my chest
that will guide you through... my vanity
A liquid guillotine that sounds like my last breath
Inside of me theres an upside down heaven that will kneel down in front of you
Inside of me theres wound that will feed you
Id love if youd only caress my beast... inside of me
I close my mouth to suck the flame of lust
Masturbation is the only way to adore our lovely Jesus
The highest step to devotion and violence
The scar is yor sex and youll bleed for me
