

Spiritualized, Ladies And Gentlemen We Are Floa

All I want in life's a little bit of love
To take the pain away
Getting strong today
A giant step each day
Wise men say
Only fools rush in
Only fools rush in
But I, I can't help
I can't help falling
falling in love with you

I will love you till I die
And I will love you all the time
So please put your sweet hand in mine
And float in space and drift in time

All my time until I die,
We'll float in space just you and I
And I will love you till I die
And I will love you all the time
So please put your sweet hand in mine
We'll float in space just you and I

Wise men say
Only fools rush in
But I can't help
Falling in love with you
