

# Spiritualized, Out Of Sight

Out of sight is always out of mind  
I think out of mind is out of sight  
I was just looking for some peace of mind  
I just couldn't find a peace of mine

They say that pride comes just before a fall  
I have fallen and I wasn't sure  
You know that I have fallen further before  
I just cannot stand falling no more

If I am good I could add years to my life  
I would rather add some life to my years  
Life is really what you make it they say  
I can't even make my mind up today

The world keeps turning it keeps me in my place  
Where I stand is only three miles from space  
Standing space is all the space I can stand  
Gravity just keeps on keeping me down
