

# Spiritualized, She Kissed Me (It Felt Like A Hit)

Uptight in her little world  
Got a feeling gonna mess around  
I gotta fever running in my blood  
Don't care if I'm misunderstood  
Gonna shoot it up and take my high  
Got a feeling it ain't gonna die  
Gonna fuck it up and mess around  
I gotta feeling it ain't coming down  
Don't care if it's hit or miss  
'Cause then she kissed me and it felt like a hit  
Come on

Uptight gonna drive me wild  
Got me shaking like a little child  
Got a devil cutting in my blood  
Damn it baby if this ain't good  
Got a fever gonna make it mine  
Fuck it up, take it one more time  
Little baby gonna get real fucked  
I got a feeling gonna me up tonight  
Don't care if this is hit or miss  
'Cause then she kissed me and it felt like a hit  
Come on

Uptight in her little world  
Got a feeling gonna mess around  
Got a fever coming in my blood  
Don't care if I'm misunderstood  
Gonna shoot it up and take my high  
Got a feeling it ain't gonna die  
Gonna fuck it up and mess around  
Got a feeling it ain't coming down  
Don't care if this is hit or miss  
'Cause then she kissed me and it felt like a hit  
Come on

Then she kissed me and it felt like a hit (x3)  
Then she kissed me and it felt like this  
Come on
