

# Spirogyra, I Gotta Woman

I gotta woman, oh I'm so happy  
Man it's my heyday, I got a lady  
I gotta woman, wo-wo-wo-woman  
I never thought that love could be this way  
I never thought that you could come my way  
I gotta woman, wo-wo-wo-woman

I used to walk in the shadow  
I used to walk in the rain  
I used to think that my mind was insane  
But then you took away all the pain

If it's a showdown, you're feeling low down  
Don't think you'll find your personal heaven  
Look for a woman, wo-wo-wo-woman
