

Spirogyra, I Gotta Woman

I gotta woman, oh I'm so happy
Man it's my heyday, I got a lady
I gotta woman, wo-wo-wo-woman
I never thought that love could be this way
I never thought that you could come my way
I gotta woman, wo-wo-wo-woman

I used to walk in the shadow
I used to walk in the rain
I used to think that my mind was insane
But then you took away all the pain

If it's a showdown, you're feeling low down
Don't think you'll find your personal heaven
Look for a woman, wo-wo-wo-woman
