

Spitalfield, Better Than Knowing Where You Are

It seems to be nothing new
To wind up the same as the people who told you
"A town this small will swallow you";
Hold if you've got nothing
Nothing left to lose

Know all the roads all around your town by heart
So you know when it's time to leave
You know when it's time to...

Leaving, right on cue
You'll set your sights on somewhere
Leaving, is better than knowing
Knowing where you
Leaving, right on cue
You'll set your sights on somewhere
Leaving, is better than knowing
Knowing where you are
Knowing where you are
Oh Oh

Easier said
Easier said then done
Even when I've got your back
What would I do?
What should I tell you to
I'd tell you not to hold back
Cause you don't hold back with me
Even when I'm not on your side, I'm on your side, completely

Know all the roads all around your town by heart
So you know when it's time to leave
You know when it's time to...

Leaving, right on cue
You'll set your sights on somewhere
Leaving, is better than knowing
Knowing where you
Leaving, right on cue
You'll set your sights on somewhere
Leaving, is better than knowing
Knowing where you are

Passes in a flash of an instant
Passes in a flash of a
Passes in a flash of an instant
And then you missed it
Passes in a flash of an instant
Passes in a flash of a
Passes in a flash of an instant
And then you missed it

Leaving, right on cue
You'll set your sights on somewhere
Leaving, is better than knowing
Knowing where you
Leaving, right on cue
You'll set your sights on somewhere
Leaving, is better than knowing
Knowing where you, are
