

Spitfire, Good Cop, Bad Cop

excuse my solecism
(but it's nothing unknown)
looking back
mistakes are always blinding
selfishness and servanthood
define inner vision
strength liquefied by dissent
don't be nervous
i'm far from the end of my rope
loyalty proceeds theology
that consuming fire so faint will execute and regenerate
excuse my solecism
(but it's nothing unknown)
that consuming fire so faint will execute and regenerate
