

Spitvalves, Float

I jump off go off
get thrown out on heads
better watch out
When XgreeningX plays threads
go off the stage or even a rope
i dont care just float

up you go
up you go again
dont wanna get touched?
dont jump in

its brotherly love
i heard one skin say
get in and stay in
or get out of the way
go off a stage even a rope
i dont care just float
