

Spleen United, 66

I chose from 66 new ways of faith in man
we'll find ways, we'll find ways honey I know
to come around again

I've made my 66 mistakes in my prime, in my days
and now the big wave, the big wave is coming in
save yourself, save yourself

in my youth, in my youth I used to rage
in my youth I used to dream of age
In my youth. In my youth I used to rage
In my youth I used to dream of age

I've made my 66 mistakes in my prime, in my days
and now the big wave, the big wave is coming in
save yourself, save yourself

in my youth, in my youth I used to rage
in my youth I used to dream of age
In my youth. In my youth I used to rage
In my youth I used to dream of age

I chose from 66 new ways of faith in man
we'll find ways. We'll find ways honey I'm sure
to come around again

save yourself. Come on
Save yourself. Come on
Save yourself

save yourself. Come on
Save yourself. Come on
Save yourself

In my youth. In my youth I used to rage
In my youth I used to dream of age
In my youth. In my youth I used to rage
In my youth I used to dream of age
