

Spleen United, Streetfighter

Tell me where you're hiding I give up
Let's go streetfighting
No one from my childhood could stand up
To the streetfighter

Tell me where you're hiding I give up
Let's go streetfighting
You are like no other I know
The streetfighter

Tell me where you're hiding I give up
Let's go streetfighting
You are like no other I know
The streetfighter

Tell me where you're hiding 'cause I give up
Let's go streetfighting
If only we were higher on and on
With the streetfighter
