

# Splendid, Work cut out for you

you're taking out the trash again  
bet you wish you could put me in  
you're a tiger i just bite  
we fight when i start to describe the feeling  
you don't need to know  
why am i teaching the man i love to love  
to hate me like i do  
help me find my pride  
you got your work cut out for you  
when you said "i do";  
i think i'm clever  
but you're really smart  
you read me like an x-ray  
humiliate my humble heart  
you push me i can't ignore it  
then i find i'm better for it  
help me find my pride  
you got your work cut out for you  
when you said "i do";  
when you said you could hold my hand  
i guess you meant through anything  
help me find my pride  
i have tried to be more like you  
its a quality i aspire to  
more of me is what you see  
when i'm not trying to be (me)  
help me find my pride
