

Splendora, The Steady Pace Of Memory

This time, it's too late for me
I won't forget you
With all these things between us
You needed more, I gave you less

Sometimes, I see through your eyes...
Your eyes
They show me reflections of a time
When you found me so far away

(me so far away)
(gave you less)
(forget you)
(forget you)
(reflections of a time when...)
(gave you less)
(so far away)
(gave you less)

Soon enough!

Soon enough, I will find a way
Back to you
Soon enough, I will find a way
Home

Soon enough!
Soon enough!
