

# Splendor, The Steady Pace Of Memory

This time, it's too late for me  
I won't forget you  
With all these things between us  
You needed more, I gave you less

Sometimes, I see through your eyes...  
Your eyes  
They show me reflections of a time  
When you found me so far away

(me so far away)  
(gave you less)  
(forget you)  
(forget you)  
(reflections of a time when...)  
(gave you less)  
(so far away)  
(gave you less)

Soon enough!

Soon enough, I will find a way  
Back to you  
Soon enough, I will find a way  
Home

Soon enough!  
Soon enough!
