

# Split Enz, I Wouldn't Dream Of It

I wouldn't dream of it in the pale moonlight  
I wouldn't kid myself off to sleep  
I may look like a fool to you  
But I don't come that cheap  
I wouldn't lose my head at the crack of dawn  
And not in front of any old sunset  
I may succumb some day  
But hey, it hasn't happened yet

I wouldn't dream of it, I wouldn't dream of it  
I wouldn't dream of it, No No  
I wouldn't dream of it, I wouldn't dream of it  
I wouldn't dream of it, No No  
I wouldn't dream of it..

I don't believe in love by candlelight  
I'm not a movie star at St Moritz  
And I'm not a Prince in a fairy tale  
Looking for the foot that fits  
I wouldn't dream of asking you to stay  
I never would presume that far  
And I'm not about to leave myself  
With all my doors ajar

I wouldn't dream of it, I wouldn't dream of it  
I wouldn't dream of it, No No
