

# Split Enz, Shark Attack

(T Finn) - True Colours

□-----

Loves got teeth and she bites so hard  
Leaving you for dead like a deadly shark  
And she doesn't leave a lot to be saved

I was swimming in the harbour of your smile  
Splashing in the ocean like a child  
I didn't know what dangers lurked there  
Just beyond the waves  
Shark attack!

Well she chewed me up and she spat me out  
I didn't want to meet a maneater  
Shark attack!

Please don't mess around with me  
I'm a shark fatality, in the sea  
I'm the one with the bleeding heart  
I thought you were a real lifesaver  
And life for once would do me a favour  
But babys just a butcher, and her teeth are razor sharp  
Shark attack!

Well she chewed me up and she spat me out  
I didn't want to meet a maneater  
Shark attack!

And I'm lost at sea and I'm an amputee  
And there was slaughter in the water when I fought her  
Shark attack!

Hey!... Hey!.... Hey!..... Hey!!

Shark attack!

Well she chewed me up and she spat me out  
I didn't want to meet a maneater  
Shark attack!

Well I'm lost at sea and I'm an amputee  
And there was slaughter in the water when I fought her  
Shark attack!

Shark Attack! [repeatedly]

[Neil:] Thank you
