

Split Enz, She Got Body She Got Soul (T Finn) 2:

She got body, she got soul, I'm torn apart without her

I'm gonna trust her with my future

I'm gonna keep a tight rein on her heart

she's one of the few things I feel a part of

I know it's true, I'll never leave, I'll never say goodbye

(Byebye byebye byebye)

I'll always be a man of means as long as I'm by her side

(beside beside beside)

She got body, she got soul, I'm torn apart without her

I'm gonna trust her with my future

I'm gonna keep a tight rein on her heart

she's one of the few things I feel a part of

I learn a lot when she's around, she's got so much to give

(so much, so much, so much to give)

If you can say you live and learn, you're learning how to live

(learn how, learn how, learn how to live)

She got body, she got soul, I'm torn apart without her

I'm gonna trust her with my future

I'm gonna keep a tight rein on her heart

she's one of the few things I feel a part of

Nobody told me that a woman she can lead a man from ruin

Well she pulled me back and I'm coming back for more for sure

No time to make careful decisions, she might be an apparition

Now the panic's on and I'm not an honest man if I don't say

She got body, she got soul, I'm torn apart without her

I'm gonna trust her with my future

I'm gonna keep a tight rein on her heart
she's one of the few things I feel a part of

Alright, I know it's been said so many times before
But I don't care, I'm gonna sing it to you just once more

She got body, she got soul, I'm torn apart without her
I'm gonna trust her with my future
I'm gonna keep a tight rein on her heart
